Family Care/Urgent Care

Healthy Employees Make Cents

Why Choose AFC?

A healthy workforce is a fundamental ingredient in a healthy business. Employees who are ill or injured cost your company both in lost production and worker's compensation expenses. Keeping employees healthy doesn't have to be costly or complicated. American Family Care, the South's largest independent Urgent Care Network, is an expert in making medical care efficient and convenient for the patient and employer. AFC delivers lower per patient costs annually than hospital affiliated medical centers while keeping open lines of communication between our staff and the employer.

American Family Care provides companies clinical services on an appointment or walk-in basis. We offer a wide variety of testing, including drug screens, physicals and vaccinations. Our clinics offer high tech, high touch digital x-ray, laboratory services, and use EMR (Electronic Medical Records). Most locations are open 7 days a week for your company's convenience. We can conduct OSHA mandated medical surveillance exams specific to your company's needs. Please see the back of this brochure for a complete listing of occupational services we offer.

A centralized billing service is in place for your convenience. No matter how many AFC facilities your company utilizes, you will receive one monthly bill. At your request, we will also file your Worker's Compensation claims with your Insurance carrier.

See What All AFC Has to Offer

U-Save Pharmacy

AFC offers patients prescription service through our in-house pharmacy, U-Save Pharmacy. U-Save offers competitive prices and eliminates the need for a second stop. Our \$5 and \$10 Prescription Programs cover hundreds of prescription drugs, including medicines for a wide variety of conditions and diagnoses. Most Insurance and drug cards accepted. Visit our website for a location near you, www.americanfamilycare.com

american family care Specialty Clinic

American Family Care has a caring team of professionals with a broad range of specialties. Our Specialty Clinic in Vestavia, AL is staffed with physicians specializing in Internal Medicine and General Surgery. If you would like to make an appointment with a physician at this location, please call (205) 421-2114 or come by our office at anytime.

WeighToLive

It's not just about your looks – it's about your life!

AFC has established the WeighToLive program in order to reduce the risk of many medical conditions directly or indirectly caused by obesity. WeighToLive is carefully designed to provide patients with a new and healthier lifestyle. For more information please visit www.WeighToLive.net or call (205) 545-W2LV (9258)

Occupational Health Services of America, Inc.

An economical way for all businesses both large and small to take advantage of the benefits of a drug free workplace.
